

Corporate Governance Framework Policy

Updated 7 August 2024

PURPOSE AND OBJECTIVES

The objective of the Corporate Governance Framework Policy (“policy”) is to describe the arrangements in place to deliver effective and prudent governance management and oversight, to deliver the long-term success of USS Group. The policy sets out the principles and high-level arrangements from which governance processes and procedures are derived. For the purposes of this policy, USS Group is defined as Universities Superannuation Scheme Limited (“USSL”) and its investment management subsidiary, USS Investment Management Limited (“USSIM”).

The policy has been drafted with reference to the Companies Act 2006, Pensions Act 2004, Pension Schemes Act 2017, the Wates Principles, the UK Corporate Governance Code (“Code”)¹ and other relevant legislation, regulation and guidance. It has been developed to address the needs of the scheme and take account of USS Group’s operating environment and regulatory framework.

1. DEFINITION AND BACKGROUND

The Code defines corporate governance as:

“...the system by which companies are directed and controlled.”

The Code clearly distinguishes corporate governance from the day to day operational management of the company by full time executives. The policy adopts this definition. Separate management systems have been developed to cover the day to day operational management.

2. APPLICABILITY & SCOPE

The group general counsel is the sponsor of this policy. The head of governance is responsible for reviewing and maintaining this policy and for reviewing the policy at least annually, and where relevant, submitting it to the USSL Board for re-approval.

The policy applies to the following people:

- USSL Board and committee members;
- USSIM Board members and
- All USSL and USSIM employees.

The policy does not apply to USS’s special purpose vehicles (“SPVs”) companies, which have been incorporated to facilitate a scheme investment. The governance of these SPVs is covered by the USS Group SPV Policy.

¹ The Code is only applicable to listed companies and is therefore not binding on USS. However, the USS Corporate Governance Framework Policy, and accompanying Governance team procedures, are drafted with reference to the best practice principles set out in the Wates Principles and the Code, where deemed to be relevant and appropriate, recognising USS’s status as a trust, .

3. POLICY STATEMENT

This policy is owned by the USSL Board. All other detailed governance policies and procedures must either comply with this policy or the owner must seek an exceptional approval from the USSL Board. If another policy or procedure specifies a conflicting rule, then the rule in this policy shall apply.

4. POLICY PRINCIPLES

USSL is regulated by the Pensions Regulator (“TPR”) and is registered as a Master Trust. Its subsidiary, USSIM, is regulated by the Financial Conduct Authority (“FCA”) as an Occupational Pension Scheme firm (‘OPS’) and enhanced firm under the FCA’s Senior Managers & Certification Regime (‘SMCR’). In accordance with UK legislation and regulation, the USS Group is required to have appropriate governance arrangements in place.

Compliance with this policy is mandatory. However, all employees, directors and committee members are also required to think and act with integrity and apply professional judgement.

The USSL Board retains responsibility for strategic oversight of governance. Responsibility for monitoring and reviewing the governance framework, and the effectiveness of it, is delegated to the governance and nominations committee (“GNC”). The USSL Board and the executive expect all employees to be accountable; successful governance is a priority for the USS Group.

In fostering a successful governance framework and culture, the USSL Board expects the executive to develop and monitor the governance framework alongside the business strategy, ensuring that the growing complexity of the business is matched with appropriate enhancements to the governance arrangements.

5. ROLES AND RESPONSIBILITIES

- The head of governance is responsible for reviewing and maintaining this policy;
- The GNC is responsible for reviewing this policy and recommending approval to the USSL Board;
- The USSL Board is responsible for approving this policy; and
- The USSL and USSIM Boards and committee members, and all USSL and USSIM employees, are responsible for complying with this policy.

6. COMPONENTS

The USS Group governance framework comprises the USSL Board, the USSIM Board and a number of committees which have been established under delegated authority from those boards.

The following documents make up the governance framework:

- This policy;
- USSL articles of association;
- USSIM articles of association;
- Scheme Rules;

- The terms of reference (“TOR”) for the USSL Board, USSIM Board and their committees;
- The investment management and advisory agreement (“IMAA”);
- The Statement of Investment Principles (“SIP”);
- The defined contribution section default Statement of Investment Principles (“DC Default SIP”); and
- USSL’s Director appointment, removal, evaluation and training policy (“Composite Policy”).

7. DELEGATION PRINCIPLES

The USSL Board has approved a set of delegation principles, which apply to the USS Group governance framework. The delegation principles state that all delegations within the USS Group governance framework will:

- Be in accordance with the USS Group corporate structure;
- Be consistent with the USSL and USSIM articles of association and the Scheme Rules;
- Be consistently applied across all areas of business within USSL and USSIM;
- Be well-defined, transparent and with clear lines of responsibility;
- Demonstrate appropriate apportionment of roles and responsibilities;
- Promote effectiveness, efficiency and accountability;
- Be clearly documented, approved by the USSL and USSIM Boards and reflected in all relevant TOR, job descriptions, policies and procedures;
- and
- Recognise only four key activities which can be vested in one body for any particular matter of business. These activities are: (i) perform; (ii) recommend; (iii) approve, and (iv) oversee.²

Notwithstanding the above or any other provision of this policy, to the extent that the group executive team (“GET”) (previously known as the Group Executive Committee “GExCo”) would otherwise take any decision where the interests of the GET (as a whole) are in conflict with the interests of scheme members, such decision will be escalated to the USSL Board for approval (in its capacity as trustee of the USS Scheme).

Where the policy or a board or committee’s (each being an “Approving Body”) terms of reference provide that such board or committee is to approve any matter ‘on recommendation from’ another board or committee (the “Recommender”), the Approving Body shall have absolute discretion as to whether or not it follows the Recommender’s recommendation and may therefore choose to make a contrary decision.

Where in this policy or under the USSL Board’s terms of reference the USSL Board has oversight of a decision that is made by any other board or committee, the USSL Board may, at its discretion, review that decision and, if the USSL Board considers it appropriate, substitute a new decision in its place.

² It is acknowledged that the USSL and USSIM Boards and committee may be asked to carry out a range of activities to fulfil their ‘oversight’ responsibility.

8. SUMMARY OF KEY GOVERNANCE DOCUMENTS

USSL Articles of Association

The USSL articles of association were adopted in April 1974, and most recently amended by written resolution on 8 December 2022.

USSIM Articles of Association

The USSIM articles of association were adopted on 4 September 2012 and most recently updated by written resolution on 8 December 2022.

Scheme Rules

USS was established by Trust Deed on 2 December 1974. A deed adopting replacement Scheme Rules was executed on 19 November 2015 and applies to all persons who are, or become, active scheme members on or after 1 April 2016. Any changes to the Scheme Rules require approval by the Joint Negotiating Committee (“JNC”) and the USSL Board.

IMAA

Under the IMAA USSL has appointed USSIM to invest the assets of the scheme and advise USSL in respect of scheme investments. USSL is USSIM’s sole client and 100% parent company. The allocation of responsibilities between the USSL Board and the investment committee, and the USSIM Board, are clearly set out in the TOR.

A USSIM escalation policy has been established, under the IMAA. This allows USSIM to gain approval for certain matters, which ordinarily fall within the remit of the investment committee, outside of the normal investment committee meeting timetable, and on an urgent basis, as a result of a market shock or similar event. The USSIM escalation policy is approved by the investment committee and USSIM Board, in accordance with the IMAA, and is as follows:

USSIM / Investment Committee Escalation Policy

This USSIM escalation policy will enable a representative of the USSIM executive to send an email to all of the investment committee members outlining the proposal for approval. The members of the investment committee would be given a “longstop date” which should reflect the degree of urgency of the matter in question, after which approvals would be collated and action taken, or otherwise. Actions taken will be on the basis of responses received by the longstop date. In order for an item to be approved, three responses (including Chair of investment committee or the Chair of Trustees) will be deemed to be a quorum sufficient for the approval.

Any approvals made under this USSIM escalation policy would be notified to the investment committee at the next meeting.

This USSIM escalation policy will apply to approvals that are not covered by other delegated authorities to USSIM, or situations where it is already agreed that the Chair of investment committee or a sub-committee of the investment committee has delegated

authority to approve recommendations from the USSIM CEO. For avoidance of doubt, the USSIM escalation policy does not apply to any matter regulated by the FCA and which, therefore, falls outside the remit of the investment committee.

If there are insufficient responses, then the decision will not be deemed to be approved by the longstop date.

If there are disagreements/concerns then these may be resolved via email communication. However, if by the longstop date, there are still members of the investment committee who do not agree with the proposal then this shall be deemed not to be approved and a conference call will be established to discuss the matter.

Pensions Committee escalation policy

A pensions committee escalation policy has been established by the pensions committee to allow the pensions committee to gain approval for certain matters which ordinarily fall within the remit of the pensions committee outside of the normal pensions committee meeting timetable, and on an urgent basis, primarily in relation to employer participation cases or similar issues. The escalation policy is approved by the pensions committee and is as follows:

Pensions Committee escalation policy

The pensions committee established an escalation policy to gain approval for proposals outside of formal pensions committee meetings. To use this policy a representative of the GET will send an email to all of the pensions committee members outlining a proposal for approval. The members of the pensions committee would be given a "longstop date" which should reflect the degree of urgency of the matter in question, after which approvals would be collated and action taken, or otherwise. Actions taken will be on the basis of responses received by the longstop date. In order for an item to be approved, two responses (including Chair of pensions committee) will be deemed to be a quorum sufficient for the approval.

Any approvals made under this pensions committee escalation policy would be notified to the pensions committee at the next meeting.

This pensions committee escalation policy will apply to approvals that are not covered by other delegated authorities of the pensions committee, or situations where it is already agreed that the Chair of pensions committee or a sub-committee of the pensions committee has delegated authority to approve recommendations.

If there are insufficient responses, then the decision will not be deemed to be approved by the longstop date.

If there are disagreements /concerns then these may be resolved via email communication. However, if by the longstop date, there are still members of the pensions committee who do not agree with the proposal then this shall be deemed not to be approved and a conference call will be established to discuss the matter.

Terms of reference for the USSL Board, USSIM Board and their committees

The terms of reference ('TOR') have been established to ensure appropriate allocation of all responsibilities and reduce the risk of duplication. The purpose and remit of each of the USSL and USSIM Boards, and their committees, is set out in the TOR in the annexes. The TOR have been drafted in accordance with the USS Group delegation principles, as set out above. An illustration of the USS Group governance structure is also included in the annexes.

Risk Event Reporting and escalation policy

In addition to reporting to the boards as required under the respective terms of reference for the USSL and USSIM Boards and committees, details of all 'red' (high rated) events (error, breach, near-miss, and operational loss) identified by the executive are provided to the USSL and USSIM Boards as part of the standard quarterly risk reports prepared by the executive to the boards. In addition, the USS event reporting framework requires that 'high' rated events also be escalated promptly to the relevant board if one or more of the following apply:

- The event causes a serious reputational impact;
- There is an indication of a broader, systemic issue; or
- The event is reportable to a regulator.

SIP

The SIP is a statutory requirement and sets out the investment principles and long-term investment policy of the scheme. It is reviewed regularly and at least every three years or without delay after any significant change in investment policy. If amended, the SIP is approved by the USSL Board, following receipt of investment advice and consultation with the scheme's participating employers.

DC Default SIP

USSL has a Statement of Investment Principles for the DC Default Lifestyle Option (the "DC Default SIP").

The USS Default Lifestyle Option is the default arrangement in relation to the DC section of the scheme, the Investment Builder. Although the USS Default Lifestyle Option can be actively chosen by members as their investment strategy, as a default arrangement it is the investment strategy into which the DC contributions of members who do not make any investment decisions are paid.

The DC Default SIP is reviewed regularly and at least every three years or without delay after any significant change in investment policy. It is approved by the USSL Board following receipt of investment advice.

Director appointment, evaluation, training and removal procedures

The governance team maintains various procedures around the appointment, retirement, induction and training of directors. A short summary of the appointment procedures is included below.

9. BOARD COMPOSITION AND APPOINTMENT

To achieve effective leadership and discharge their duties successfully, the USSL Board and USSIM Board must have an appropriate balance of knowledge, skills and experience. Recruitment, ongoing training and development and performance management processes are in place to achieve this.

9.1. USSL BOARD COMPOSITION

The composition of the USSL Board is laid out in the USSL articles of association. The composition is:

A supervisory board consisting of between 10 and 12 non-executive members comprising:

- Four UCEA directors³;
- Three UCU⁴ directors (one of whom is the pensioner member); and
- Between three and five independent directors.

The authority to appoint USSL Board members is laid out in the articles of association and summarised below:

- UCEA is entitled to appoint any person to be a UCEA director to fill any vacancy caused by the removal, retirement or death of a UCEA director, subject to the approval of the USSL Board, not to be unreasonably withheld or delayed.
- UCU is entitled to appoint any person to be a UCU director to fill any vacancy caused by the removal, retirement or death of a UCU director, subject to the approval of the USSL Board, not to be unreasonably withheld or delayed.
- The USSL Board is entitled to appoint any person to be an independent director to fill any vacancy caused by the removal, retirement or death of an independent director.

Recruitment procedures will be formal, fair, open, transparent and rigorous. Any search will be conducted with due regard to the skills and knowledge of the candidates against the requirements of the USSL Board and USS Scheme. USS recognises that having a diverse and inclusive board will support fulfilling the company's commitments and achieving objectives. USS seeks to develop a diverse and inclusive workplace that embraces individuality, where people are welcomed and feel comfortable in the knowledge that they can be themselves. Therefore, USS is committed to procedures and practices that maximise the potential of all individuals.

Succession planning processes are in place to allow orderly appointments, maintenance of board skills and experience and progressive refreshing of the board.

Any director may be removed from the USSL Board in accordance with USSL's articles of association.

³ The Universities & Colleges Employers' Association

⁴ University & College Union

The USSL Board Chair is appointed by the USSL Board of directors in accordance with article 45 of USSL's articles of association. The USSL Board chair must be 'non-affiliated' for the purposes of the C&G Regs⁵.

9.2. USSL DIRECTOR APPOINTMENT PROCESS

A job description for USSL directors, as agreed by the USSL Board from time to time, which includes the time commitment, standards of conduct and competencies required as a board member, is utilised in the recruitment process.

a) Independent Directors

- The GNC evaluates the balance of skills, experience and knowledge on the USSL Board and, in light of this evaluation, approves a role profile for the particular appointment which, along with the director job description, provides the search criteria;
- The GNC leads the search for candidates via a variety of media such as professional networks and advertising or, where appropriate, delegates the search to a recruitment specialist;
- The USSL chair is consulted on the proposed appointment;
- The GNC, in conjunction with the USSL Board and GCEO, conducts interviews with appropriate candidates and provides its recommendations to the USSL Board for approval;
- The USSL Board approves the appointment; and
- Prior to the appointment of a proposed independent director to the USSL Board, there will be a consultation with the UCEA and UCU appointing bodies.

For the purposes of this policy, and the terms of reference of the USSL and USSIM Boards and committees, a director is considered "Independent" if he/she is not appointed by either UCEA or UCU⁶. Independent for the purposes of this Policy does not bear the same meaning as "non-affiliated" as set out in the Occupational Pension Scheme (Changes and Governance) Regulations 2015, where non-affiliated means not connected to a service provider to the scheme.

b) UCEA and UCU Directors

- In the case of UCEA and UCU vacancies, the GNC evaluates the balance of skills, experience and knowledge on the USSL Board and, in light of this evaluation, approves a role profile for the particular appointment which, along with the director job description, is provided to the relevant UCU or UCEA appointing body;
- A member of the GNC sits on the interview panel to provide expert knowledge of USSL Board requirements to the appointing bodies;

⁵ The Scheme Administration Regulations 1996 (as amended by the Occupational Pension Schemes (Charges and Governance) Regulations 2015).

⁶ As per the definition of an independent director under the USSL Articles of Association.

- The GNC conducts due diligence on the candidate, including at its discretion a further interview, and provides its recommendation to the USSL Board for approval;
- The USSL Chair is consulted on the proposed appointment; and
- The USSL Board approves the appointment.

If the GNC determines that a proposed appointee does not meet the requirements of the role profile and the legal and regulatory requirements for the role, the GNC will notify the appointing body who will have the right to propose further candidates.

9.3. USSIM DIRECTOR APPOINTMENT PROCESS

- The GNC evaluates the balance of skills, experience and knowledge on the USSIM Board and, based on a recommendation from the USSIM Board, approves a role profile for the particular appointment. The role profile and director job description provide the search criteria;
- The GNC conducts interviews with appropriate candidates, in conjunction with the USSIM Board, GCEO and USSIM CEO;
- Due diligence is completed, and in line with SMCR requirements, the directors' line manager is asked to confirm the fitness and propriety and training and competency of the candidate (and FCA approval sought if it is an Senior Manager Function role);
- The GNC recommends appointment of the candidate to the USSL Board; and
- The USSL Board approves the appointment.

9.4. USSL DIRECTOR TERMS OF OFFICE

The USSL articles of association state that no director may hold office for a period exceeding five years unless they have been reappointed and this policy lays out further provisions (as below) to ensure a balanced board is established and maintained. Where a director has been appointed for a term of office shorter than the maximum permitted under the USSL articles of association, the board may, if it considers it appropriate, for example for continuity reasons or to facilitate succession planning, with the agreement of the relevant director agree to extend the term up to the maximum period permitted under USSL's articles of association and as permitted by law.

The following criteria are applied for all directors:

- Given the complexity of the matters considered by the USSL Board and the requirement to undertake a full recruitment exercise at the end of each director's term of office, the USSL Board is of the view that four year terms of office are generally appropriate. However, the USSL Board may, in certain circumstances, appoint directors for shorter terms or agree to extend terms of office (within the maximum permitted in the USSL articles) in order to manage succession and continuity of the directors on the board.

- Directors may be appointed for further terms of office, but the maximum length of time that a director may continuously serve on the USSL Board is nine years⁷. This means that many directors are appointed for two, four-year terms of office, and therefore serve on the USSL Board for eight years continuously.
- Once a director has served on the board continuously for a maximum of nine years, the individual is not eligible for appointment to the USSL Board for a period of three years.

9.5. USSIM DIRECTOR TERMS OF OFFICE

The USSIM articles of association do not state a maximum term of office for directors. However, the articles of association do stipulate the process for removal of USSIM directors. USSIM’s board is comprised of both non-executive and executive directors. Independent USSIM non-executive directors are generally appointed for an initial term of three years, with a maximum of two reappointments, resulting in a maximum term of office of nine years, although the term of office of any USSIM non-executive director who is also a USSL director is generally aligned with their term of office as a USSL director. The USSL Board may, in exceptional circumstances, resolve to approve that the term of office of an independent USSIM non-executive director be up to 5 years and the maximum term of office of nine years increased accordingly.

10. SCHEME GOVERNANCE

The USS Group corporate governance structure exists within the wider context of the USS Scheme governance framework. There are two key committees which form part of the USS governance framework: (i) the Joint Negotiating Committee (“JNC”), and (ii) advisory committee. The JNC and advisory committee are constituted, empowered and governed by the Scheme Rules, not the USSL Board.

10.1 JNC

The JNC is a body established under Rule 64 of the Rules. It is comprised of 5 UCEA appointees, 5 UCU appointees and an independent chair. The primary function of the JNC is a negotiating forum for the stakeholders to determine the benefit design of the Scheme. The JNC has power to initiate rule amendments, which the Trustee Board is obliged to implement, provided that the conditions in the amendment power are not infringed. The consent of the JNC is required for any rule amendments proposed by the Trustee.

The JNC also has a key role under the Scheme’s cost-sharing provisions to determine the split of contributions and or benefit change where the Trustee determines, following an actuarial investigation, that an increase or decrease to the overall rate of contributions is required.

Arrangements are in place to foster a cooperative and successful relationship between the two groups. This includes:

- Reporting mechanisms that allow ongoing communication between the two bodies on relevant matters; and

⁷ The maximum tenure permitted under Master Trust regulations in order to continue to be considered ‘non-affiliated’ is 10 years (with each term being for a maximum of 5 years).

- Regular briefing sessions with the Chair of the USSL Board and Chair of the JNC.

10.2 ADVISORY COMMITTEE

The advisory committee is established under Rule 65 of the Rules and exercises the dispute resolution function on behalf of the Trustee under section 50 of the Pensions Act 1995. Its role also extends to advising the Trustee company on matters on which it requires advice, including those relating to:

- the exercise by the Trustee company of its powers and discretions (other than those relating to investment matters);
- difficulties in the interpretation or application of the Scheme Rules; and
- complaints received from members or participating employers. It is comprised of 3 UCEA appointees and 3 UCU appointees with an additional UCEA and UCU appointed director where it is exercising its dispute resolution function.

11 ANNUAL REVIEW

This policy will be reviewed annually by the Governance team.

UNIVERSITIES SUPERANNUATION SCHEME LIMITED (“USSL” OR “TRUSTEE”) DIRECTOR JOB DESCRIPTION

Position: Director of USSL Board (“Board”) and member of USSL

Responsible to: Chair of the board

Universities Superannuation Scheme (“USS” or the “Scheme”) is the largest pension scheme in the UK, with total assets of around £75.5 billion (as at 31 March 2023, latest published accounts). The Scheme’s trustee is Universities Superannuation Scheme Limited (“USSL”), a corporate trustee, which provides scheme management and trusteeship. USS Investment Management Ltd (“USSIM”), a wholly owned subsidiary of USSL, is the principal investment manager and advisor to USSL.

The role of the Board (and therefore its directors) is to provide the overall leadership, strategy and oversight of USS and USSL’s subsidiaries that help run and invest its assets. This role includes monitoring and oversight of USSL’s operations, ensuring competent and prudent management, sound planning, proper procedures for the integrity of financial information and the maintenance of adequate systems of internal control, and for compliance with statutory and regulatory obligations.

Key responsibilities include overall oversight of the administration of the scheme to ensure that:

- (i) USS is adequately funded;
- (ii) the assets of the scheme are properly invested in line with the scheme’s investment principles and relevant law;
- (iii) benefits are paid when they fall due;
- (iv) the scheme is effectively administered in line with objectives and relevant legislation, regulation and regulatory guidance including that issued by the Pensions Regulator (TPR);
- (v) the scheme and its administration continue to meet the needs of the UK higher education sector; and
- (vi) there is appropriate oversight of USSL’s wholly owned FCA authorised subsidiary investment management company USSIM.

The Board is composed of ten to twelve directors comprising:

- Four directors appointed by The Universities & Colleges Employers’ Association (“UCEA”);
- Three directors appointed by University and College Union (“UCU”)²; and
- Between three and five independent directors appointed by USSL.

There is no distinction in terms of powers and duties between directors appointed by UCU and UCEA and those appointed by USSL.

Duties and powers

As a director of a trustee company the principles of trusteeship impose certain fiduciary duties and responsibilities on the Board and each individual director. TPR’s trustee guidance provides a general overview of the duties and responsibilities. These are broadly summarised below:

- To act within the framework of the law and the regulatory requirements and in accordance with the Scheme Rules and other documents that govern the scheme;
- To act in the best interests of members and beneficiaries. A duty to balance fairly the interests of different groups, to act impartially between different classes of beneficiaries (not

² At least one of whom must be a pensioner member, as defined in the Scheme Rules.

necessarily to act equally) and to not act with any sense of “constituencies”. Once appointed, all directors share the same responsibilities to the entire membership;

- To pay benefits on time and correctly;
- To act prudently, honestly and conscientiously, with the utmost good faith;
- To take advice on technical matters and on any other matters with which the director is not fully familiar. Decisions should be taken only by persons with the right skills, information and resources needed to take them effectively;
- To derive no personal gain from the scheme (other than as a member or where payments have been authorised by the Board, such interest having been declared where known);
- To invest and ensure the safe custody of the scheme’s assets; and
- To ensure that proper records and accounts are kept and that information is communicated and disclosed as legally required.

Directors’ responsibilities

All directors of USSL are required to comply with the director responsibilities and duties set out in the Companies Act 2006 and any other relevant legislation. In order to carry out the principles outlined above, directors are expected:

- To adhere to the principles of trusteeship;
- To understand and be committed to the aims of the scheme;
- To devote sufficient time to undertake the role, including preparation for meetings, Board meetings and committee meetings of which they are a member;
- To review all documents required to be approved by the Board;
- To constructively challenge, debate intelligently and test recommendations from committees (where applicable), the Group Executive and USSIM and to challenge advisers to ensure sound decisions are made;
- To ensure they have sufficient knowledge and understanding to undertake the role (both at commencement of their term of office and at all relevant times), including undergoing training and improving knowledge and understanding (on an ongoing basis) in accordance with the Trustee Knowledge and Understanding requirements of the Pensions Act 2004, any other relevant legislation and specific requirements of the scheme;
- To reflect on Board performance and individual performance annually and carry out identified actions for improvement, including undertaking appropriate training and education to develop and refresh knowledge and skills;
- To disclose any conflicts of interest;
- Not to use, directly or indirectly, or disclose any confidential information relating to the USSL Group or the scheme for any purpose other than the proper fulfilment of their duties (in order to discharge this responsibility, it is essential for directors to separate this role from any other positions/commitments);
- To meet all legal and regulatory requirements in relation to fitness and propriety including (but not limited to) honesty, integrity, financial soundness, competence and conduct; and
- To submit to and satisfy the requirements of any appropriate criminal record, financial or other checks and provide any information or evidence reasonably required to establish a director’s fitness and propriety or to satisfy any other regulatory requirements.

In addition to fulfilling their duties as a director, each USSL director becomes a member of USSL (a company limited by guarantee) on appointment.

Technical and behavioural skills / competencies

The law requires that trustees and directors have knowledge and understanding in a number of specified areas. Although training is provided and the Trustee has the benefit of the skills of the Group Executive and the assistance of professional advisers, directors of the Board are required to

have the skills and competencies listed below at an appropriate level to enable them to discharge their functions as non-executive directors.

USS is the largest private pension fund in the UK by assets. Enabled by its relative scale, USS chooses to perform many pensions administration and investment management activities in-house. This reduces agency issues, and overall costs. The USS Group has therefore has significant responsibilities for the management and execution of complex operational and advisory functions at scale, and would in its own right be a sizable pensions administration or investment management business. The experience, expertise and capabilities required below should be seen as proportionate to the oversight and governance of an organisation of this nature. All directors are therefore required to have the general technical and behavioural competencies set out below.

Technical competencies³

- **Strategic thinking:** Focus on strategic issues and a willingness to share responsibility for USS's strategic vision; impact of legislative requirements; link between strategy and daily running of the scheme.
- **Pension Technical:** Legal and regulatory framework; trust, pensions and tax law as applied to both defined benefit and defined contribution schemes.
- **Numeracy:** strong mathematical skills, ability to understand and analyse complex numerical information and to make the right conclusions and decisions.
- **Funding:** Principles for funding of the scheme and valuing of liabilities; the impact of the employers' financial position; impact of the scheme's investment policy.
- **Investment:** Legal and regulatory framework; investment principles, practices and options; the nature of risk and reward; asset classes and strategic asset allocation.
- **Administration:** Administration and audit requirements, application of the Scheme Rules, operational risks and risk management.

Behavioural competencies

- **Communication and influence:** Demonstrable good communication skills including the ability to transfer thoughts and express ideas; engage and influence others and gaining their support.
- **Planning and organising:** Establish courses of action to achieve objectives; determine priorities; allocate resources effectively.
- **Teamwork:** Cooperate and work with others toward solutions that accomplish objectives; engaging with the executive, where appropriate, outside of formal Board and committee meetings in relation to the director's areas of specific expertise (including by the provision of guidance, advice and support whilst recognising the delineation of executive and non-executive activities).
- **Decision-making:** Make rational and realistic decisions, using relevant knowledge and experience.
- **Leadership:** Create a shared vision and sense of direction; clarify means of achievement; generate enthusiasm, commitment and trust to the vision and purpose of the Trustee company; commitment to the Board code of conduct. At all times, role model the values of the Trustee company in interactions with other directors and members of the executive team.

details on technical competencies.

Specific Skills and Experience

The following knowledge, skills and experience are essential for fulfillment of this role:

- [ADD DETAILS OF ESSENTIAL SKILLS KNOWLEDGE, SKILLS AND/OR EXPERIENCE]

It would be beneficial if the successful candidate also has knowledge, skills and experience as a practitioner at a senior level in a substantial organisation or as an adviser to such an organisation, in one or more of the following areas):

- [ADD DETAILS OF DESIRABLE KNOWLEDGE, SKILLS AND/OR EXPERIENCE]

Time Commitment and term of initial appointment

In addition to being members of the USSL Board, it is anticipated that directors will be available to join the board's sub-committees and will make themselves available to do so. They may also be asked to chair a committee.

Overall, we anticipate the director will devote at least 35 days to Board and committee work, and ad hoc work related to staff events, member/institution events, sub committees and the annual Board Strategic Offsite meeting. As with all Board roles, the time commitment could increase during periods of heightened activity and also during the initial induction period.

Directors are expected to attend all (or almost all) meetings. The USSL Board typically meets 8 times a year in person (and additional meetings are arranged where necessary). Directors are also required to attend the annual Institutions Meeting and the additional training and strategy sessions arranged for the Board throughout the year. The Board's sub-committees typically meet 4-8 times per year. In addition, directors are encouraged to participate in other events for stakeholders or staff e.g. London and Liverpool Open House events. Meetings are held at USSL's offices in London or Liverpool. Directors must ensure that they can make sufficient time available to discharge their responsibilities effectively.

USSL is committed to ensuring that its Board has all of the necessary knowledge and understanding to run the scheme. For this reason, prior to commencement of their appointment to the Board, USSL directors are required to complete the TPR toolkit (or evidence their completion of an equivalent programme). On appointment they will also be expected to complete an induction programme (leading to an enhanced time commitment during their initial few months on the Board). Thereafter, USSL directors are expected to take opportunities to develop and refresh their knowledge and skills throughout the course of their appointment, including familiarising themselves with the key challenges and areas of risk facing the UK higher education sector and changes in the pensions landscape.

The selected candidate will usually be appointed to the Board for an initial four year term of office (although the Board may, in some circumstances advertise the role for a shorter or longer term to help manage the continuity of directors across the board as a whole). At the end of an initial term of office there may be an opportunity for the successful candidate to apply for reappointment for a further term(s) of office up to a maximum of nine years of service in total.

**UNIVERSITIES SUPERANNUATION SCHEME
USSL & USSIM BOARD DESIGNATED NON-EXECUTIVE DIRECTORS (“DNED”) FOR WORKFORCE
ENGAGEMENT ROLE DESCRIPTION**

Position: Designated Non-Executive Director (DNED)

Responsible to: Each DNED is responsible to their respective Boards

Role purpose: To ensure that employees’ perspectives are considered and factored into Board decision making, where appropriate.

Key Responsibilities:

The responsibilities below are undertaken in addition to the DNED’s duties and responsibilities as a director.

The UK Corporate Governance Code recommends that boards should select one or more methods of engagement and report on specific mechanisms for the board to hear and consider the views of the workforce. The USSL and USSIM Boards have each established a designated non-executive Director (“DNED”) to support their duty in having regard to the views of the workforce when making decisions.

- 1 The DNED will:
 - (i) attend a selection of employee events each year to engage with and understand the views of employees. The number and types of engagements each year will be agreed by the DNED, following discussion with the executive.
 - (ii) engage with the employee-led equity, diversity and inclusion (EDI) networks to support initiatives and their vision and goals.
 - (iii) Through workforce engagement, the DNED shall identify any areas of concern in the workforce and discuss these with the Board;
 - (iv) work with the Board to consider the impacts of Board proposals and developments on employees; and
 - (v) challenge the executive on their views as to the way in which workforce engagement is undertaken.
- 2 The DNED will report back to employees on:
 - (i) the types of engagement the DNED has carried out over the year;
 - (ii) the topics of feedback and how this has been taken forward or impacted board decisions; and
 - (iii) provide feedback to the employees where steps have been taken to address their concerns, or explain why particular steps have not been taken.
