Declaration

I have had the opportunity to clarify with my employer and Universities Superannuation Scheme Limited the effect of making this election and have taken such independent advice as I consider appropriate. In particular, I understand that:

- I will cease to be an active member of USS and will stop accruing retirement benefits from the first day of Enhanced Opt Out;
- Normal contributions and added years additional contributions (if any) will cease from the first day of Enhanced Opt Out and I will commence payment of special contributions of 2.5% of salary in order to maintain my death in service and incapacity cover (please note that this rate is subject to change);
- All benefits accrued prior to the first day of the Enhanced Opt Out election will be treated as preserved benefits in accordance with the Scheme Rules;
- My preserved benefits will not be payable until I have attained age 55 (or earlier protected pension age) and ceased all eligible employment;
- Should I retire (in circumstances other than incapacity), my benefits will be calculated based upon service and salary up to and including the day prior to the first day of Enhanced Opt Out;
- I will cease to be able to take flexible retirement from the first day of Enhanced Opt Out;
- In the event that I retire after normal pension age, my benefits will not be increased by a late retirement factor for any period beyond the first day of Enhanced Opt Out;
- This election can be made only once and in any event must apply for a minimum of 12 months (or until earlier cessation of USS eligible employment). ***Please note*** - employers have a statutory duty that applies to them every three years to automatically re-enrol qualifying employees who have withdrawn from pension saving. If you are re-enrolled as an active member and wish to continue your Enhanced Opt Out election, you will need to complete this form again.

Declaration by institution

I acknowledge receipt of the member's election for Enhanced Opt Out under USS, and confirm that normal USS contributions will cease from the first day of Enhanced Opt Out, and that special employee contributions of 2.5% of salary will commence from that date. I also confirm that an employer scheme deficit contribution (currently 2.0%) will be paid from that date so long as a recovery plan is in force in relation to the scheme. The rate is subject to change and will be determined by USS on actuarial advice.
