

USS Sharia Fund

Aim of fund: To rise or fall in line with the benchmark, which represents shares which meet Islamic investment principles. The fund will invest in equities which meet Islamic investment principles. The returns generated by overseas equities are not currency hedged, so may be impacted by currency movements. The fund is passively managed.

Performance summary

- The Fund delivered negative returns over the quarter.
- The fund is a global passive index fund investing in equities compliant with Islamic investment principles, so it will tend to hold fewer shares in financial companies (like banks) and more in other sectors, such as technology when compared to global weightings. Higher exposure to US technology stocks were the primary driver of negative performance over the quarter.

Cumulative performance

This chart shows the cumulative performance of USS funds against the Consumer Price Index (CPI) over a 5 year period. CPI is a good indicator of inflation as it measures the change in price of consumer goods and services. 5-year cumulative performance is the increase or decrease of returns as a percentage over the whole period. So, if a fund is performing above the CPI, it means that money saved in it is growing faster than the rise in the cost of living.

Important information

Performance shown is after any subsidy, within the relevant USS Fund.

Past performance is not a guide to future performance and so should not solely be relied upon by members when making investment decisions. The value of investments may go down as well as up and the return of your investments is not guaranteed.

Each Universities Superannual Scheme ('USS') Fund objective and benchmark has been determined by Universities Superannuation Scheme Limited (the 'Trustee'), who is responsible for selecting funds in the USS range, which may be added to, removed or replaced from time to time. The Trustee may also change the objective and/or benchmark(s) for any of the USS Funds from time to time. Member selections are to the relevant USS Fund(s) and are not to or made in respect of any underlying fund manager. The underlying fund manager(s) can be changed at any time. In certain circumstances your investments could be diverted to another fund(s).

This report and the data contained therein is for information purposes only and is valid as at the date of publication. It does not consider your personal circumstances and does not constitute financial advice or a recommendation to make (or refrain from making) any kind of investment decision. If you are not sure what's best for you, or do not understand the terminology used herein, we recommend you speak to a financial adviser before making any decisions in relation to your investments or any changes to them. You can find a financial adviser at www.unbiased.co.uk. You may be charged a fee for any advice you receive.

Fees may be changed at any time by the Trustee and members should check the latest version of this report and the USS website for the current fees and any proposed changes to them. Information about the Investment Builder default investment strategy and the costs and transaction charges for the Investment Builder funds can also be found in the 'Chair's defined contribution statement' in the Governance section of the USS Report and Accounts, available on our website. Part or all of the charges are currently covered by a subsidy paid by employers. This subsidy is expected to remain in place for a number of years. Members who transfer other pension savings in to USS do not benefit from the employer subsidy on that portion of their pension savings.
