

Schedule of charges to provide information in relation to divorce proceedings or implement a pension share order

Please note that all charges should normally be paid in advance

1. To provide current value of a member's benefits including a cash equivalent transfer value (CETV) for active and deferred members only:

- | | |
|--|---------|
| • First request | Free |
| • Repeat request within 12 months of first request | £235.00 |

| | |
|---|---------|
| 2. To provide any information not covered by disclosure requirements including CETV for pension members, including those that have retired on a flexible basis* | £352.50 |
|---|---------|

| | |
|---------------------------------------|---------|
| 3. To implement a pension share order | £705.00 |
|---------------------------------------|---------|

* The disclosure of information regulations cover different items of information that can be requested free of charge such as basic scheme information and member specific information. As a member in receipt of a pension is not permitted to transfer benefits out of USS the CETV falls outside of disclosure requirements and a charge is levied to cover the actuarial fees to calculate the CETV.

The charges quoted are inclusive of VAT

The charges are effective from March 2010 and apply in all cases. The charges will be subject to review from time to time and are subject to change.
